CABLING SPAIN'S REPLY.

The Message Received By State Department Today.

SHERMAN SILENT FOR ONCE.

May Keep the Reply Secret As Thunder for a Presidential Message When Congress Meets Again.

By Wire to THE TELEGRAM.

Washington, Oct. 27.—A long cable message was received at the State Department from Minister Woodford this morning giving the reply of the Spanish government to the tender of good offices by the United States for the settlement of the Cuban question.

The message is in cipher and will be laid before the president so soon as it is translated. Secretary Sherman and the other state department officials, who already know the tenor of its contents, refuse absolutely to make any statement for publication, or to discuss the matter.

It has not been decided whether to make the document public or to act in concert with the Spanish government in keeping it secret until President McKinley shall embody it in his annual message to congress.

There is much speculation in political and department circles as to the nature of the Spanish government's reply. It is likely that such a reply has been sent as will make it obligatory upon the United States to announce a more aggressive Cuban policy as was indicated if the original offer of Minisiter Woodford were declined.

HONOR ROLL

Of Asheboro Street Graded School for October.

The teachers of Asheboro Street School have decided to publish, each month, an honor roll of the pupils who have averaged 95 on scholarships, 100 on deportment and 100 on attendance.

The object in doing this is to secure better work, more regular and prompt attendance, more interest in the school on the part of both children and parents.

The following have won this distinction during the month, ending yesterday afternoon:

First Grade—Edgar Reynolds, Emma Starr, Elsie Hinkle and Kate Wiley.

Second Grade—Jessie White, Maude Black, Bronna Clymer, Marvin McCracken.

Third Grade—Temple Rice.

Fourth Grade—Rachel Petty, Annie Starr.

Fifth Grade—Johnsie Starr, Leone McCulloch.

Sixth Grade—Fannie Pearce, Clete Gwinn, Clara Wilson, Lina Lea.

Seventh Grade—Grace Crocher, Linnie Ward, Lelah Starr.

Norris Bros.' Novel Show.

When a departure is made from the ordinary class of amusement and a genuine novelty is offered to the public, the result is always satisfactory. Norris Bros.' Dog and Pony show which will exhibit in a large tent on South Elm street tomorrow afternoon and night is a novelty in every sense of the word, over a hundred animal actors are seen in a long and varied program. There are educated ponies, performing dogs, trained goats and monkeys of numerous accomplishments which appear singly and collectively. The old time worn acts usually performed by trained animals have been cast aside and the performance is made up of new and original acts. A street parade will be given at noon, giving all a chance to see what is said to be the largest collection of trained domestic animals in America.

Admission:—Adults, 20 cents; children, 10 cents. Adv.

He Was Not a Drummer.

A well known traveling man says that the man who came near having a scrap with Captain Glenn and Evangelist Lee is not a drummer at all, but a fakir. The matter has been going the rounds of the press and he says is an injustice to traveling men generally. It will be recalled that the fakir was abusing southern preachers and merchants.

POINTS FROM HIGH POINT.

Personal and Local Affairs Briefly Mentioned.

TELEGRAM BUREAU,
HIGH POINT, N. C., Oct. 27, '97.

Rev. P. T. Clapp, of Elon College, will preach next Saturday at the Christian church.

The K. of P. Lodge, of High Point, have been invited to spend the Pythian day at the Winston tobacco fair.

Rev. F. J. Murdock and R. B. Owen, Salisbury, are stopping at the Jarrell hotel.

Prof. R. L. Flowers, of Trinity College, Durham, passed through last night, returning from a short visit home.

Mr. N. H. Slaughter is having the office of the Jarrell Hotel renovated thoroughly, and the walls are being repapered. Mr. Slaughter knows how to manage a hotel and the traveling public will not be long in showing their appreciation of his efforts to please them.

Messrs. O. N. Richardson, J. L. Sechrist, A. V. Sapp and P. H. Johnston are spending the afternoon in Greensboro.

Dr. G. S. Bradshaw returned to Greensboro on the 11:40 train this morning.

A gentleman stopping at the Belleview this morning stated that he heard while in Winston that the Southern was contemplating a road from Reidsville, through Winston and Mocksville, to join the old line at Gastonia. This short cut, which would be the main line, would save forty-seven miles for through passengers. This gentleman spoke not like one having authority, however, but as the scribes, and his words did not receive much credence in High Point.

Mr. D. L. Clark, High Point's well known artist, has just finished a life-sized portrait of Uucle Frank Caldwell, which he will take to Greensboro the latter part of the week. It is a good likeness of Mr. Caldwell and Mr. Clark thinks it is superior to one formerly painted by him, which now hangs in the Bank of Guilford in Greensboro.

GROUND UP IN THE MACHINERY.

Horrible Fate of an Employe of the Fertilizer Works.

The Charlotte Observer gives the following account of an accident there yesterday:

Milton Young, colored, met with a most horrible death yesterday about 2:45 o'clock at the Charlotte Oil and Fertilizer Works. He was caught in the belt and carried around on the pulley several times, the lower part of his body being horribly torn and mangled. The accident occurred in the fertilizer room.

Young had sacks tied around his legs while he worked. He was leaning over the short belt when one of the sacks caught in the belt, drawing him into the machinery. He was carried around several times on the pully, almost before his fellow-workmen realized that the frightful accident was taking place. The machinery was stopped as quickly as possible and the unfortunate man taken out. The spectacle was a horrible one. It caused many a strong man to turn away with a sickening shudder. The poor man's legs were broken in several places, also his thigh, and he was almost entirely disemboweled.

DUCHESS OF TECK DEAD.

She Was a Cousin of Queen Victoria and Sister of Duke of Cambridge.

By Cable to THE TELEGRAM.

Richmond, Eng., Oct. 27. — The Duchess of Teck, a cousin of Queen Victoria and sister of the Duke of Cambridge and the mother-in-law of the Duke of York, died at White Lodge this morning.

They Are Coming.

S. L. Trogdon's four new houses on Martin Street between Bragg and Lee streets have all been rented. One of them to Mr. L. A. Royster, of Oxford, who brings his family here on account of the superior educational advantages of the place. Another to Lee Atkinson, of Goldsboro, engineer on the Southern road, another to R. F. Williams, of Burlington, who takes a place with the Hucomugo cotton Mills. The fourth one is rented to W. H. Stone, of Kernersville, who is employed at the Banner Warehouse.

Czar's Reason for Snubbing Duke and Duchess of Baden.

By Cable to THE TELEGRAM.

Berlin, Oct. 27.—The Tageblatt explains today that the refusal of the czar to receive the Grand Duke and Grand Duchess of Baden at Darmstadt on Saturday last was due to the sarcastic comments made by the Grand Duke of Baden upon the conversion of the czarina, formerly Princess Alix of Hesse, sister of the Grand Duke of Hesse, to the Greek Church, previous to her marriage to the czar, in November, 1894.

THE fact that nothing has emanated from the Executive mansion for three or four days indicates that the Governor must be secreting an unusually powerful interview.

IF any doubts remained as to the political complexion of Bourke Cochran his announcement that he will take the goodsbox for General Tracy sets the dye pretty fixedly.

The recent discovery that the Creek Indians have buncoed the United States out of $90,000 by means of false warrants is irrefragable proof that the noble red man is rapidly adopting the arts of civilization.

IF State's Attorney Deenan does not need any rest after the first trial of Luetgert he should consider that the rest of the country is less favorably conditioned and wait a breathing spell before the rehearing begins.

The precipitancy with which Governor Johnston of Alabama shook the pestilential dust of Montgomery from his magisterial feet when the first case of yellow fever was announced bodies forth his firm conviction that Alabama does not have even one Johnston too much.

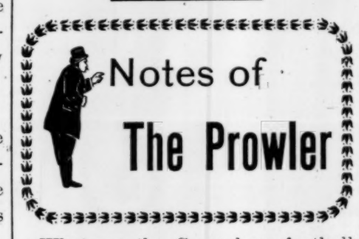
THE Democratic brethren who are just now showing a Hibernian desire to swat one another should recall the case of Messrs. Grant, Mott, Russell and Wilson before the "striped skunk" stage of the combat is reached. These gentlemen will soon be quoting "Immitation is the sincerest flattery." Prithee, brethren, don't.

WE wish to add our endorsement to the Charlotte Observer's kind words about its former correspondent, "Red Buck." A thorough newsper man and a good, all-round fellow, journalism in the old state will be the poorer for his going. Washington will be his future field. Reddy will please accept our distinguished consideration and allow us to take his "great unwashed" hand in ours.

IN commenting upon the spread of Yellow fever in New Orleans and other points, some papers have taken occasion to criticise the measures adopted for combatting it. Some have even gone so far as to term the quarantine and sanitary regulations a failure. That the fever has spread despite the efforts of the authorities is admitted; that its apparent increase is growing is also admitted; this however does not show that the authorities have failed. It is necessary in order to see the matter sanely and whole to look at the probable results if less energetic measures had been applied. The fatalities are probably not a tenth of what they would have been but for the ceaseless war that science has waged on the pestilence from the beginning. It should also be kept in mind that at such times the authorities are hampered by the concealment of cases as long as possible, especially among the more ignorant of the population, where the fever always plays the greatest havoc.

ONE nuisance to which citizens here are needlessly subjected is the rapid driving of drays through the streets. To say nothing of the danger of heavy wagons driven at a swinging trot, the noise of the jolting over the cobble stones is intolerable. A wagon is driven from one end of South Elm street to the other at a pace for which there is no excuse to the intense discomfort of every business man and pedestrian on the streets. In many places such driving is prohibited, and wisely.

A casual following of the fire record of a month will reveal the fact that, despite the great advance made in the equipment and efficiency of fire companies and in the construction of so called fire-proof buildings, the absolute control of fire is still remote. This is true not only of the smaller cities and towns but also of the larger cities where the fire departments have been brought to the highest state of efficiency. The burning of the large power house in Washington is an instance still fresh in the minds of all. It was supposed to be fire-proof and yet despite the efforts of the firemen it was completely consumed. There are almost daily instances similar, if on a smaller scale.



Whatever the Greensboro football team may do on the field, there is no question about the boys having the right manager. Any body who doubts this should stroll down and see one practice game. The solicitude of the proverbial hen with one chick is not in a class with the same sentiments that manager lavishes on his team. Its better than the pony show to see him dancing on the warm gridiron when a scrimmage is on; he ought to be given a life option on the place if he will take it.

***

He led her to the hymeneal altar, as the reporter prenticed to the Billville Banner hath it stereotypedly, and she had sworn to love, cherish and defend him, poor thing, without a clear idea of what a hard job that would be; therefore the living together happily ever afterward had come to an abrupt end after two weeks and she had shaken him. Left alone in the cold, cold world, he had not wept nor taken insect powder nor jumped to his death from the top step. He determined to pursue her even to the end of the earth if need be and so took the train and came twenty miles to Greensboro. He knew that somewhere in the maze of the city she was moving. He came into the den of the Prowler and unfolded so pathetic a yarn that the heart of the imposing stone was melted and the devil sobbed audibly until the foreman gave him pi. But nobody could help the farlorn and he was driven to the bitter extremity of earning his daily bread. So endeth the roseate romance.

***

It was not on the program at the Fabio Romani the other night but it happened all the same. The room was darkened and calcium lights flashed on the serpentine dance and the girl with the big india rubber snake began the whirl. There was one man in the audience who had been zigzagging along the ragged edge of the realm where snakes luxuriate for several days. This last stroke did the business for him. He started up wildly exclaiming "see 'em, see 'em" while his hair stood up like the bristles of an enraged pine rooter. But his boom comrades laid hold of his coat tails reassuringly and he subsided. Now he says he will never do so any more.

***

It is really touching to see the lost and lonely look the cops have on Sunday's since the "meadow" has been mowed. The fat man of the force is getting so plethoric with naught to do but doze in the sun all the day that life is a burden, while the purty man in blue with nothing to ruffle his serene smoothness is continually being mistaken for a tailor's block or a stray specimen from the wax figure exhibit. His Honor threatens to go a fishing and the city treasury gives a harsh, grating laugh in its empty interior.

PRINCETON INN BBFORE A SYNOD

Pennsylvania Commissioners Refuse to Censure Certain Members.

Chambersburg, Oct. 26.—The synod of Pennsylvania, representing all the Presbyterian churches in the state and West Virginia in its sessions here, effectually squelched a proposition to censure the members of the faculty of Princeton university, who sighed the application for the liquor license of the Princeton Inn, the adverse action being mainly due to the fact that a large part of the 300 commissioners to the synod are graduates of Princeton or of the seminary.

The matter came up on an overture from the Presbytery of Red Stone, which passed strong resolutions of censure.

The committee simply reported that they had no jurisdiction of the matter, and their report was hurriedly put and carried without any discussion.

WENT TO CHURCH DISGUISED.

Cleveland Preacher's Experience at a Fashionable Church.

Cleveland, O., Oct. 26.—Rev. Mr. Chalmers, of the Dunham Avenue Christian church, made an attack on fashionable Cleveland churches in his sermon last night.

Mr. Chalmers said that a week ago he disguised himself as a workingman and attended one of the most fashionable of Cleveland's churchs.

"For a long time the ushers refused to take any notice of me," he said. "I was elbowed about until, even though I was playing a part, I felt humiliated. Meanwhile richly attired men and women were coming in and being shown seats. As plainly as they could, without ordering me out, the ushers gave me to understand that I was not wanted. Finally they designated for my use the rear pew in the church."

CURING CONSUMPTION.

Faculty of Cooper Medical College Say a Remedy Has Been Found.

San Francisco, Col., Oct. 26.—Much discussion has been caused here by the fact that the faculty of Cooper Medical College declared that sixteen patients have been saved from consumption by Dr. Joseph O. Hirschfelder's remedy. This cure is oxytuberculine, made from veal which has been saturated with tuberculine.

Hirschfelder has been experiment- three years to secure this lymph.

Among the patients whom he has cured is Thomas H. Williams, Jr., the wealthy horse-breeder. All the other patients were carefully examined and all were declared cured. Some were far advanced in the disease when they began the treatment. Oxytuberculine is injected, and soon restores vitality and heals the lungs.

Attention, Firemen!

The regular monthly meeting of Greensboro H. and T. Co., No. 1, will be given at the engine house, Thursday, Oct. 28, at 8 o'clock. A full attendance is requested.

O. D. Boycott, Foreman. J. E. Howard, Secretary.

The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at C. E. Holton's drug store.

Frost Scheduled.

Washington, D. C., Oct. 26. — Surgeon Carter of the Marine hospital service has been ordered to Montgomery by the Surgeon General to confer with the local authorities in devising restrictive measures to prevent the spread of yellow fever in that city, and is there for that purpose today. Surgeon General Wyman has made inquiry of the chief of the weather bureau of the dates at which frost may be expected at various places infected by yellow fever and is informed that the average date of the first appearance at Mobile is November 22, at Montgomery November 12, and at Galveston December 18. The earliest date which frost has been known at Mobile is November 2, at Montgomery November 1, and Galveston November 18.

Snow and Windstorm at Denver.

Denver, Col., Oct. 26.—Denver was today and last night the center of a big wind and snow storm, doing damage to property estimated to exceed in the aggregate $100,000. The greatest damage is sustained by the electric light and telephone companies. One company has 4,000 miles of wire down. Most of the railroads are completely blocked.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervogs system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or $1.00 per bottle at C, E. Holton's drug store.

Master Tom Beall,

who is the subject of this sketch, is the 13-year-old son of Dr. and Mrs. W. P. Beall, and the hero of THE TELEGRAM contest for the Golf Combination Suit given by us to the boy under 16 years of age, who would procure the greatest number of our ads from this paper in six consecutive days.

With fifty or more boys in the race it was no easy matter to be the successful one, but Tom went in to win, and win he did, being able at the end of the contest to present us with 1,279 clippings.

Tom is a bright young lad, and if the business sagacity, energy and pluck displayed in this contest continue with him through life, we predict for him a bright future.

The parents of such a boy as Tom must feel justly proud.

We ran short of large sizes in the Combinatien Suits last week. but have just received a new supply, ages all the way from 6 to 16.

REMEMBER—These suits have an extra pair of pants, extra buttons and an extra piece of the goods to go along for patches. Price, $5.00.

A Home Remedy

ENDORSED BY

Home People.

CHARLOTTE, N. C., April 5, 1895.

MRS. JOE PERSON,

Madam:—last year I was afflicted with some skin trouble affecting my feet, pronounced by my physician to be erythema. I was confined to my room for some two months and was lame for six months or more. After trying many remedies without effecting a cure, I resorted to your Remedy. After taking three bottles I began to improve, and before I had finished the fifth or sixth bottle I was practically free of the trouble. Once since then there recurred symptoms of its return, when I again resorted to your Remedy, and again the trouble disappeared. I believe I am indebted to you for relief from a very serious affliction.

Yours truly,
HAMILTON C. JONES.

BRIEF LOCAL MATTERS.

Preston Stamps, of Milton, was at the Benbow today.

S. J. Dudley and L. A. Carr, of Durham, were in the city today.

Andrews advertises grapes at 12½c. a basket but says they will go up soon.

Let the children see the street parade of Norris Bros.' dog and pony show tomorrow. Adv.

There were good tobacco breaks at the warehouses today, and the farmers well pleased with prices received.

Regular communication of Greensboro Lodge, No. 76, A. F. and A. M., will be held Thursday evening at 8 o'clock.

W. C. McLean is building a two-story house on Forbis street, opposite his residence. The house is being built by Contractor Bain.

The business of two of our most prominent firms have outgrown their quarters, and it is only a question of a short time when some enlarging will have to be done.

If you want to enjoy two hours of good wholesome fun go to Norris Bros.' dog and pony show tomorrow. The tents used by this show are perfectly waterproof. Adv.

The R. E. Graham troupe arrived today and are at the Benbow. They appear in "Who's Your Friend" at the Academy of Music tonight. The show comes highly recommended.

The boiler and smoke stack for the Berger-Wood Tobacco Manufacturing Co., arrived today. The brick is ready for casing up the boiler and the engine is expected to arrive today.

The city aldermen made a fudge last night again. It was a bad, rainy, disagreeable night, and there were not enough noses there to count. The meeting has been put off until the regular time for meeting.

In this rainy weather there is no one thing you need worse than a good umbrella. Read Johnson & Dorsett's ad today. The umbrellas they are offering are good values and the prices will astonish you.

Prof. Edwin Mims will give his very fine lecture on Literature and Life, to the League of West Market Street Church, Friday evening, October 29th. The lecture will begin promptly at 8 o'clock. The public is cordially invited.

On account of the bad weather the business meeting that was to be held at Centenary church last night, was postponed until tomorrow night at 8 o'clock. This is an important meeting and a large attendance is desired.

We regret to learn that the condition of Rev. Dr. J. Henry Smith is not so favorable today. He is the veteran pastor of the First Presbyterian church in this city, greatly beloved by his people and all who know him, and thousands of friends will wish for him an early recovery.

When you have a little spare time, just drop in at Shrier's exclusive shoe store, South Elm street. Mr. Shrier has only been here about two months, but through his thorough knowledge of the shoe business and judicious use of printer's ink, he already has a good trade. He has a splendid and complete stock of all kinds of shoes.

Martin Hayden, a member of R. E. Graham's company now at the Benbow house is the owner of a valuable collection of postage stamps which he has gathered together during his travels. It numbers about 10,000 varieties and includes many rare specimens. Local collectors will now have an opportunity of seeing to what extent the fad can be carried.

While the new gates being put in at the Southern railroad crossing on South Elm street are an improvement over the old ones, we would like to mildly suggest that the mess of mud and slush around the passenger depot is not a very great improvement over the old platform. It will require a good many more loads of gravel or crushed granite to make that a decent place in a wet spell like this.

The printing of the pictures of the bright lads who were the successful contestants in the recent contest for a Golf combination suit, by Matthews, Chrisholm & Stroud, is a stroke of enterprise worthy of that excellent firm. In their advertisement in this paper they present the picture of Master Tom Beall, who collected and carried in 1,279 clippings from THE TELEGARM and won the suit. Tom is a hustler and one of the smartest boys we know. If his talents and energy are turned in the right direction there is a brilliant future before him.

Cheap Gas.

Since October 1st, 1897, and forward, illuminating gas furnished at $2 per thousand feet, if bill is paid on presentation, provided the same amounts to $1 or more for each meter. Fuel gas for cooking purposes $1 per thousand feet, net.

WE ARE NOT in Business for fun but you may think it is funny how we can sell nice grates at such low prices. Nevertheless we are doing it, and we will explain the reason when our Mr. R. S. McClamroch returns from Chattanooga, Knoxville, Cincinnati and other manufacturing cities where he has gone to buy grates, mantels and fire-place furnishings. In the meantime we have some special bargains to offer in these goods. Yours anxious to please. McClamroch Bros, the Plasterers. O. 27.

Witchwork.

Those who come to us for Fall Shoes sometimes think it must be witchwork that makes it possible for us to fit them so quickly, perfectly and cheaply. Not a bit of it. It's not witchwork, but hard work, that does it.

While you were fishing and loafing and resting this summer, we were at work to get this Stock in shape—which work is what worked the witchwork.

For Example:

We are offering this week:

Ladies' Vici Kid, hand sewed button shoes, London toe, patent tip, B, C, D and E width, at $3.50 worth $5.00.

Ladies' cloth top button or lace shoes, patent tip, com. toe, C, D and E widths, sizes 1 to 7, at $2.50. This shoe would be cheap at $3.50.

We have a full line of Felt Slippers for men and women.
